SPRAYS 30-35% SOLIDS

C² Sprayers are designed to allow effortless and even application of C² Products without wasting a single drop of product.

Sprayer Specifications:

| Part # | Description | Pack Quantity | Carton Dimensions (L x W x H) | Pallet Dimensions (L x W x H) |
|--------|--|----------------------|-------------------------------|-------------------------------|
| 22149 | C ² Industrial Poly Dripless Sprayer (11.4 Liters) | 1 (25 Per Pallet) | 9.25 x 8.75 x 29 | 48 x 48 x 34 |
| 19249 | C ² Extreme Industrial Metal Dripless Sprayer (13.2 Liters) | 1 (25 Per Pallet) | 9.25 x 8.75 x 29 | 48 x 48 x 34 |

HOW IT WORKS:

The O-ring seals at the end of the wand for a non-drip shut off. The wand can be removed and nozzle can be attached directly to grip with **complete** dripless function.

Removable valve Shaft
Removable Poppet (SEAL)

INDUSTRIAL DRIPLESS SHUT OFF.

- PATENTED DRIPLESS DESIGN
- COMFORTABLE TRIGGER GRIP
