FLOOR MAINTENANCE SYSTEM

BLUE (200)

- Most aggressive
- For damaged floors or use after grinding
- HD removal of scratches & discoloration

RED (400)

- Very Aggressive
- For damaged floors or use after grinding
- HD removal of scratches & discoloration
- Leaves satin or matte finish

WHITE (800)

- Intermediate step or 1st step in floors not maintained
- Cleans surface
- Removes small scratches
- Leaves a slightly reflective finish

YELLOW (1500)

- For maintained floors
- Cleans & prepares floors for high polish
- Removes fine scratches
- Conditions stone and concrete floors for final polishing
- Can be a regular maintenance pad

GREEN (3000)

- Normal daily maintenance pad
- Produces and maintains a “wet look” shine
- Can be used on: Concrete, Stone, Terazzo, Tile and VCT*

BENEFITS:

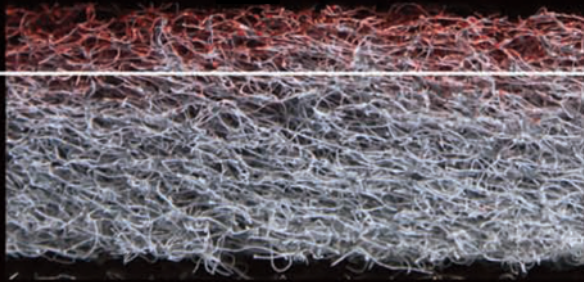

- No color transfer due to a naturally colored pad
 - No dyes added
- 40% more durable
 - Tested next to competitive pads used in the field
- More heat generated
- Ease of use
